Joanne is a Licensed Avatar Master who is interested in assisting others to grow and evolve and to lead a fuller, richer life. She teaches the nine day Avatar course with a network of other Avatar Masters in Ontario and Quebec and at International and Co-operative courses in Canada and the United States.

What I love about the Avatar course:

- The Masters create a safe, non-confrontational, non-judgmental space where you feel empowered.
- The feel of the course is awesome. Lots of smiles and laughter, exploration and growth, excitement and sense of purpose, love and compassion.
- The friendships you develop on course are priceless.
- You begin to feel again.
- You connect the dots and realize that you are not alone.
- You get it! "It IS all my stuff!" and that feels empowering and you CAN do something about it.
- You become more established in your higher self and feel more at peace.

If you are looking for something that you can really sink your teeth into... an intensive that can help turn your life around and empower you to create the change you want in your world, contact me today!
